2. SITE CONSIDERATIONS REVIEW TABLE

Table 2-1: Site Considerations Review

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
<p>(a) The Registered Proponent must provide evidence that they have received the MTCS Sites Confirmation.</p>	<p>SkyPower has received preliminary information in writing from the MTCS regarding any known archaeological resource within 250 metres of the Sites.</p>	<p>This requirement shall be satisfied by the Registered Proponent's inclusion of a copy of the MTCS Archaeological Sites Confirmation in the Proposal. The MTCS Archaeological Sites Confirmation may be in the form of an email or other written correspondence from MTCS.</p>
<p>(b) Site Considerations Information:</p> <p>(i) The Registered Proponent must provide detailed scale maps of the Large Renewable Project and the Connection Line at a suitable scale to clearly identify (collectively, the "Site Considerations Information"):</p>		
<p>(1) The Site, and if the Site is constituted by more than one non-contiguous Properties a scale map showing the outer boundary of the entire Site must be included;</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.</p>	<p>A copy of the Site Considerations Information (including copies of any background reports, sources or materials) must be continuously posted on the Large Renewable Project Website from the date that is at least fifteen (15) days prior to the date of the public community meeting identified in response to Subsection 3.2.5(c), and continuing until the IESO announces the Selected Proponents for this LRP I RFP, if any.</p>
<p>(2) The proposed Connection Line and Connection Point, showing the length of the Connection Line, the GPS coordinates for the Site and the Connection Point, and any other TS (or associated feeder) or the Circuit connected to the IESO Controlled Grid that is closer in geographic proximity to the Site than the proposed Connection Point;</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.</p> <p>SkyPower has indicated this is the closest one which will be confirmed in the bid submission.</p>	<p>A copy of the Site Considerations Information must have been delivered to the clerk of each Project Community, if applicable, and any other designated official prescribed by each Project Community, acting reasonably.</p> <p>This requirement shall be satisfied by: (i) the completion of the Prescribed Form – Site Considerations Confirmation attaching the Site Considerations Information (including reference to any background reports and sources, which must be published on the Registered Proponent's website) and confirming that, in the view of a qualified Independent Engineer, the Site Considerations Information is complete, accurate and consistent with this LRP I RFP and accepted methodologies, industry standards and best practice, provided that: (i) the Independent Engineer may rely on the views of one or more individuals who have the qualifications, training, expertise and experience in carrying out studies or evaluations as recommended or required by the Renewable Energy Approval and other equivalent environmental assessments or approvals (each a "Qualified Third Party"); and (ii) the Independent Engineer must identify and provide a summary of the qualifications, training, expertise and experience of each Qualified Third Party that it relies upon ;and (2) the Registered Proponent's confirmation in the Prescribed Form –Registered Proponent Declarations and substantiating evidence which must include: (i) a screenshot of the Large Renewable Project Website with the Site Considerations Information posted with the date and URL clearly shown; and (ii) copies of courier transmittal sheets evidencing delivery of the Site Considerations Information to each of the Project Communities.</p>
<p>(3) To the extent available, the proposed location of key features of the Large Renewable Project such as access roads, internal driveways, generating equipment, structures, transformers, inverters and communications towers.</p>	<p>SkyPower has completed conceptual layouts presenting locations of key features (see see Detailed Maps).</p>	
<p>(4) The boundaries of any Municipality and Unorganized Territory in which the Site or the Connection Line is to be located, in whole or in part, including the identity of each Municipality and, if applicable, Unorganized Territory.</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.</p>	
<p>(5) The boundaries of any First Nation Lands the Site or the Connection Line is to be located, in whole or in part, including the identity of the First Nation Lands and the Corresponding First Nation Community</p>	<p>The Site is not located within First Nation Lands.</p>	
<p>(6) The boundaries of any geographic township (identified pursuant to the Territorial Division Act, 2002, SO 2002, c 17, Sched. E) in which the Large Renewable Project or the Connection Line is to be located, in whole or in part, including the identity of the geographic township</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.</p>	

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
(7) any “ highway ” (as defined in the Highway Traffic Act, RSO 1990, c H.8) crossing or located within 5 kilometres of the Site or the proposed Connection Line, including the location, name and number of each such highways	DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.	
(8) any “ railway ” (as defined in the Canada Transportation Act, SC 1996, c 10) crossing or located within 5 kilometres of the Site or the proposed Connection Line, including the location and name of each such railways;	DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.	
(9) any national park (identified in Schedule 1 of the Canada National Parks Act, SC 2000, c 32), provincial park or conservation reserve (identified pursuant to the Provincial Parks and Conservation Reserves Act, 2006, SO 2006, c 12) located within 120 metres of the Site or the proposed Connection Line, including the location and name of such parks or conservation reserves;	<p>DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.</p> <p>DNV GL did not identify any Provincial Park, National Park or Conservation Reserve within 120 m of the Site or the Proposed Connection Line.</p>	
(10) any airports, aerodromes and weather radars located within 5 kilometres of the Site or the proposed Connection Line, including the location and name of such airports, aerodromes and weather radars;	DNV GL confirms that this item is Included in the Site Considerations, see General Location Map.	
(11) the Property boundaries for each Property on which the Site is located, each Property that Abuts Property on which the Site is located, each Property where the proposed Connection Line will be situated, and each Property that abuts a Property where the proposed Connection and for each Property where the proposed Connection Line will be situated and each Property that Abuts such Property;	DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.	
(12) any Permanent Known Water Body located within 120 metres of the Site or the proposed Connection Line, including the location and, if applicable, the common name associated with such Permanent Known Water Body;	DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.	
(13) if the Large Renewable Project is to utilize On-Shore Wind as it Renewable Fuel: (i) the location of any other Renewable Generating Facilities that utilize On-Shore Wind as a Renewable Fuel that have been constructed and are located within 5 kilometres of the Site clearly identifying the location of each turbine; and (2) the location of the project site boundary for any proposed but unconstructed Renewable Generating Facilities that utilize On-Shore Wind as a Renewable Fuel that are located within 5 kilometres of the Site and which have received a Renewable Energy Approval as indicated at www.ontario.ca/environment-and-energy/renewable-energy-projects-listing	The Large Renewable Fuel Project will not utilize On-Shore Wind as it Renewable. This item does not apply.	

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
<p>(14) if the Large Renewable Project is to be located on provincial Crown lands (in whole or in part): (i) the boundaries of each Property on which the Site is located, and that Abuts the Property on which the Site is located; and (2) every Provincial Crown Land Lease located on a Property on which the Site is located, and that Abuts the Property on which the Site is located;</p>	<p>The Site is not located on Crown Land.</p>	
<p>(15) (i) within a Natural Heritage Information Centre 1 kilometre grid square which contains an “Endangered” or “Threatened” species observation record (protected pursuant to the Endangered Species Act, 2007, SO 2007, c 6);</p>	<p>DNV GL reviewed the NHIC species records within 1 kilometer grid square intersecting the Site and the Connection line. The records are presented in Section 3.</p>	
<p>(15) (ii) within 120 metres of a provincially significant area of natural and scientific interest;</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.</p> <p>The Site and Connection Line do not intersect any provincially significant area of natural and scientific interest.</p>	
<p>(15) (iii) within 120 metres of a known provincially significant wetland;</p>	<p>DNV GL confirms that this item is Included in the Site Considerations, see Detailed Maps.</p> <p>The Site is intersecting Rylstone Provincially Significant Wetland Complex. The Connection Line is intersecting Hoard’s Creek Tributary Provincially Significant Wetland. The solar arrays are not located within the Provincially Significant Wetland.</p>	
<p>(15) (iv) within or Abutting an area designated in the plan approved under the Niagara Escarpment Planning and Development Act, the plan approved under the Oak Ridges Moraine Conservation Act, 2011 and O. Reg. 142/02, the plan approved under the Greenbelt Act, 2005, and the Lake Simcoe watershed (as defined in the Lake Simcoe Protection Act, 2008);</p>	<p>The Site and Connection Line are not located within the Niagara Escarpment, Greenbelt, the Oak Ridges Moraine, or the Lake Simcoe Watershed, see Designated Area Map.</p>	
<p>(15) (v) within or Abutting a recognized heritage resource (including Properties protected under the Ontario Heritage Act, RSO 1990,c O.18, Properties included on a list or register of heritage resources maintained by the Municipality, Properties that are the subject of a local or provincial plaque, or Properties that are set aside as a national historic site of Canada under Section 42 of the Canada National Parks Act, SC 2000, c 32).</p>	<p>DNV GL did not identify any recognized heritage resource within or abutting the Site or the Connection Line.</p> <p>The sources that have been reviewed are listed in Section 4.</p>	

3.2.6 LRP Site Considerations Requirements

DNV GL Review / Comment

Requirement Satisfaction

(c) A Large Renewable Project that uses **Non-Rooftop Solar** as its Renewable Fuel must also meet the following requirements:

<p>(1) if the Large Renewable Project's Site is located, in whole or in part, within the boundaries of the Approved Official Plan of a Municipality or Planning Board that has completed the Prime Agricultural Area designation process for an Approved Official Plan : (i) the Large Renewable Project must not have its Site located within any Prime Agricultural Areas as set out in the Municipality's or Planning Board's Approved Official Plan at the time the Prescribed Form– Agricultural Land Use Confirmation for Non-Rooftop Solar is completed, and (ii) must not have its Site located in whole or in part on any Specialty Crop Areas at the time the Prescribed Form– Agricultural Land Use Confirmation for Non-Rooftop Solar is completed;</p>	<p><u>Lower Tier Municipality:</u> Township of Stirling-Rawdon</p> <p>The Planning Review prepared by an official Land Use Planner confirmed that County of Hastings Official Plan is the only Official Plan to provide policy on the Site.</p>	<p><u>Upper Tier Municipality:</u> County of Hastings</p> <p>The Planning Review prepared by an official Land Use Planner confirmed that the Site is located within an Upper Tier Municipality (County of Hastings) that has completed the Prime Agricultural Area designation process for an Approved Official Plan. The Official Plan was approved on January 12, 2002. This Official Plan is the only Official Plan to provide policy on the Site.</p> <p>The Property that makes up GammaLight contains Prime Agricultural Area, however there is no Prime Agricultural Area intersecting the GammaLight Site boundary.</p>	<p>This requirement shall be satisfied by the completion of the Prescribed Form – Agricultural Land Use Confirmation and, if required, the Prescribed Form – Agricultural Land Evaluation Study Peer Review Attestation.</p>
	<p><u>Lower Tier Municipality:</u> Municipality of Trent Hills</p> <p>The Connection Line is located within a is located within a Local Municipality (Municipality of Trent Hills) that has completed the Prime Agricultural Area designation process for an Approved Official Plan. The Official Plan was approved in 2001. This Official Plan is the only Official Plan to provide policy on the Site.</p> <p>The Connection Line is located within an existing municipal road right-of-way.</p>	<p><u>Upper Tier Municipality:</u> County of Northumberland</p> <p>The Connection Line is located is located within an Upper Tier Municipality (County of Northumberland) that is in process to adopt his first official plan. At this time the new plan has not been approved by the Ministry and so is still in a draft version, and is not in force and effect.</p> <p>The Connection Line is located within an existing municipal road right-of-way.</p>	

3.2.6 LRP Site Considerations Requirements	DNV GL Review / Comment	Requirement Satisfaction
<p>(2) if the Large Renewable Project's Site is located, in whole or in part, within the boundaries of the Approved Official Plan of a Municipality or Planning Board that has completed the Prime Agricultural Area designation process for an Approved Official Plan or any part of the Site is located, in whole or in part, on one or more Properties outside of the boundaries covered by a Municipality's or Planning Board's Approved Official Plan referred to in Subsection 3.2.6(c)(i)(1).</p>	<p>The planning Review prepared by an official Land Use Planner confirmed that this item does not apply.</p>	
<p>(3) Notwithstanding the foregoing, the requirements in subsections (1) and (2) above will not apply to the portion of the Site located on lands that are within the paragraphs (a), (b) or (c) of the definition of First Nation Lands.</p>	<p>The Site is not located within First Nation Lands.</p>

Online Plaque Guide

Welcome to the Ontario Heritage Trust's Online Plaque Guide.

Like our traditional printed guide, it's easy to find plaques in your own community. What makes this online version so unique is its powerful search mechanism. Not only can you now find plaques based on location, but also by theme. You are just a few clicks away from having information at your fingertips about the hundreds of familiar blue and gold plaques located throughout Ontario.

1. For a full list of all the Trust's provincial plaques, leave the search fields blank and click the Search button.
2. Or enter a keyword (e.g. Simcoe) and click Search.
3. Or select a theme from the drop-down list and click Search.
4. Or choose a tourism region, county/district and municipality and then click Search. (Note: When you select a tourism region, you will only see those counties or districts from that tourism region. Similarly, when you have chosen both a tourism region and county/district, you will only see the municipalities from that county/district.)
5. To modify your search even further, select a theme **and** a specific tourism region, county/district or municipality and click Search.
6. Results will appear in a list below. Click on any of the entries to learn more about that plaque.

[Founders of Campbellford, The](#)

The large land holdings in Seymour Township that were granted to Robert and David Campbell in 1831 included a ford on the Trent River, which gave the village that grew there its name. Although David Campbell moved to Cobourg, he continued to promote the development of Campbell...

[Founding of Hastings, The](#)

A small settlement known as Crooks Rapids began to develop on the Trent River when a lock and dam were completed in 1842 as part of the government's canal project. Mills became the mainstay of the community, which early in the 1850s was renamed Hastings.

[J.D. Kelly 1862-1958](#)

John David Kelly spent most of his boyhood in Percy Township before entering art school in Toronto. A highly skilled draftsman, he executed many paintings depicting significant moments in Canadian history. His works have been reproduced in many Ontario school system textbooks....

Request for all recognized heritage resources and Properties within the Township of Sterling-Rawdon

From: De Grandpré, Charles
 To: info@stirling-rawdon.com
 Cc: Langelier, Francis
 Subject: Map or Listing of Heritage Resources in the Township of Stirling-Rawdon

Sent: jeu. 2015-04-16 17:11

Good Afternoon Mr Croll,

I would like to request a map, locations or listing of all recognized heritage resources and Properties within the Township of Stirling-Rawdon.

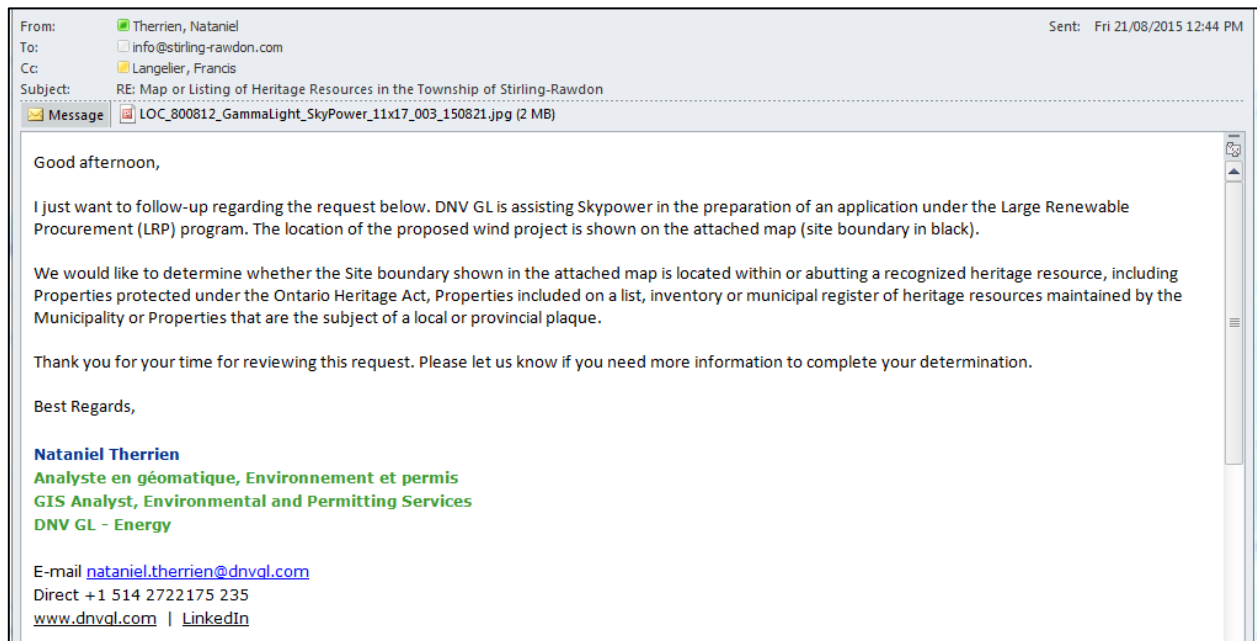

If it is possible to obtain the information regarding these recognized heritage resources in the form of a shapefile, that would be ideal.

Many thanks for your help with this inquiry.

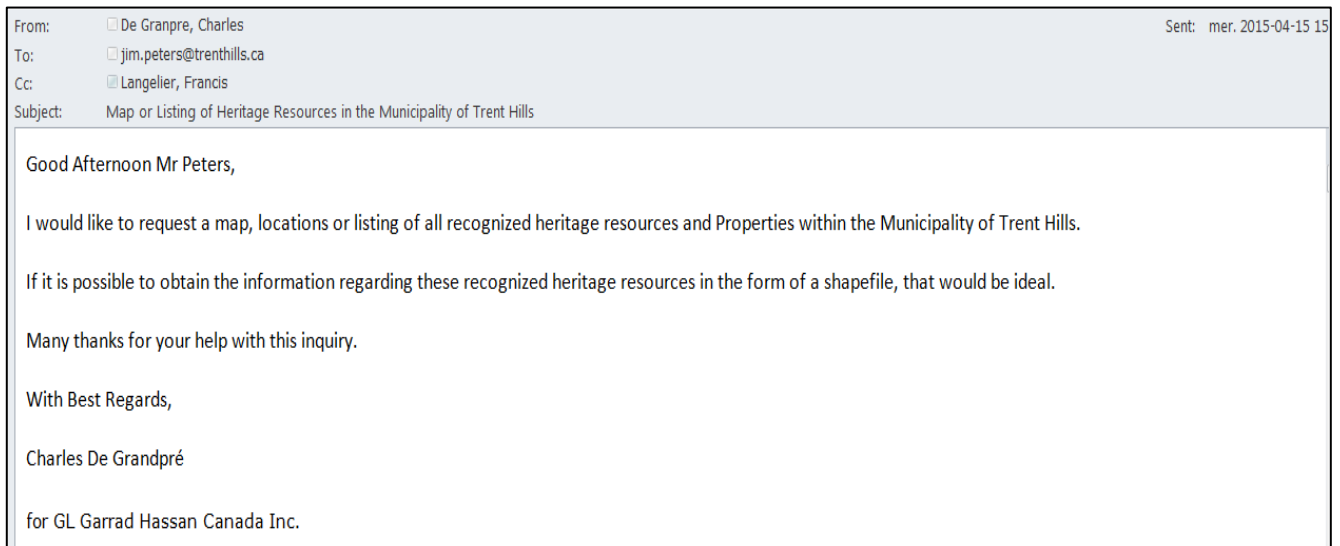

With Best Regards,

Charles De Grandpré

Good afternoon,

I just want to follow-up regarding the request below. DNV GL is assisting Skypower in the preparation of an application under the Large Renewable Procurement (LRP) program. The location of the proposed wind project is shown on the attached map (site boundary in black).

We would like to determine whether the Site boundary shown in the attached map is located within or abutting a recognized heritage resource, including Properties protected under the Ontario Heritage Act, Properties included on a list, inventory or municipal register of heritage resources maintained by the Municipality or Properties that are the subject of a local or provincial plaque.

Thank you for your time for reviewing this request. Please let us know if you need more information to complete your determination.

Best Regards,

Greetings:

I have had a chance to review the properties in the area that you provided within Trent Hills. Several properties are on the list of heritage properties but none of the designated under the Ontario Heritage Act.

If I can provide any additional information please let me know.

Thanks

Good morning Mr. De Grandpré.

I was forwarded your email below from Ms. Cathie Ritchie for a response.

Can you please specify what heritage resources your are looking for. Cultural heritage resources? Natural heritage resources? Please provide details/examples of what data you are looking for. Once I receive your reply I will check with our mapping staff to see what data we have available.

Thanks.

Dwayne,

Thank for your answer. We are looking for a list of Cultural heritage resources, if any. More specifically, we are looking for properties protected under the Ontario Heritage Act, including properties included on the municipal register or heritage inventory and those with a municipal easement agreement. Do you have any shapefile or spreadsheet with addresses available?

Hi Francis.

Our mapping/data staff have informed me that we do not have any mapping or listing of cultural heritage resources available. It was suggested that you try to contact the Ministry of Culture to see if they have any data that can be shared.

Hello Mr. De Grandpre:

I have checked with our Planning and Development Department and I am sorry to advise that the County does not have the type of mapping that you have requested.

The County does not designate heritage resources and any such information or designation would only be available through our local municipalities if it exists.

Dear Ms. Whitmore:

**Re: LRP | RFP Information Request
Sheerlight Solar Project | NovaPark Solar Project | GammaLight Solar Project**

We are in receipt of your LRP | RFP Information Requests dated May 22, 2015 and accompanying mapping concerning the above-noted renewable energy projects.

As the Province's lead heritage agency, the Trust is mandated to preserve, protect and promote the conservation of the Province's rich natural and cultural heritage. In carrying out the above mandate, the Trust protects many significant cultural heritage and natural heritage sites across Ontario through ownership and conservation easements. The Trust also promotes appropriate measures to protect heritage resources which may be affected by large-scale undertakings.

Further to your request for information, we have reviewed the maps of the proposed sites and connection lines for the above-noted projects against our database of Trust easement properties. We can confirm that the Trust does not have any conservation easement sites within or adjacent to the proposed sites for the above-noted projects or their connection lines.

We strongly encourage you to contact the Ministry of Tourism, Culture and Sport, if you have not already done so, in order to determine if there are any other cultural heritage interests which may be affected by this project. In this regard, we recommend that you liaise with Laura Hatcher, Heritage Planner / Acting Team Lead, Land Use Planning, Cultural Services Unit at the Ministry. She can be reached at 416-314-3108 by phone or Laura.E.Hatcher@ontario.ca by email.

Should you have any questions, please contact me at 416-325-5019.

Yours truly,
